## MOVE STOCK AWAY

CAMPBELL WILL REMOVE MERCANTILE STOCK TO IOWA.

## PURCHASED OF F.E. YALEY

Borrousch Building Has Been Occupied for Years By the Store Now Leaving.

Henry Campbell, of Exira, Iowa, who recently purchased from F. E. Yaley the stock formerly owned by the Maryville Mercantile Company, arrived in the city Tuesday night and took possession of the stock Wednesday morning.

Mr. Campbell informed a representative of this paper that it was not his intention to continue the business here, but he intended to ship the stock to Guthrie Center, Iowa, where he had arranged for a business opening.

The "Mercantile" stock was a very large one and consisted of a general line of merchandise that ranged from pins and needles to cream separators. The store occupied the entire first floor and basement of the Borrusch building and formerly did a thriving business.

Shortly after Mr. Yaley acquired the property he disposed of the groceries and hardware and stopped buying produce from the farmers and announced that the stock was on the market for sale or trade and since that time he has merely kept the store for that purpose, making no effort to establish himself in the business. His interests are all near Burlington, Ia., and he and Mrs. Yaley expect to leave for that place in a few days.

The Maryville Mercantile Company was formed several years ago, with W. B. Frost, Byron A. Frost, J. W. Herndon and the late Warren L. Hotchkiss as members of the company, and an immense business was built up. After the death of Mr. Hotchkiss, Mrs. Hotchkiss became a member of the company and later T. W. Costello. The company carried on an immense business, but owing to other large business interests that claimed their personal attention, Mr. Herndon and Mr. Costello sold out, and their retirement from Maryville's mercantile life left a big vacancy, as their successors had not intended to make Maryville a permanent location.

From what we have heard it is not probably that the Borrusch building will long stand empty.

## DEATH OF FORMER MARYVILLE TEACHER

J. S. Shinabargar received word Wednesday morning of the death of Prof. A. L. Clair, who at one time was at the head of the business department of the old Maryville seminary. He was highly regarded socially and in his position at the seminary. He left Maryville to accept the presidency of a business college at Mt. Morris, Ill., where he remained quite a number of years and was married there.

Mr. Clair's death occurred recently in a sawmill accident in Wisconsin, where he was living, his body being mangled in the machinery. It is not known here when he left Illinois and went to Wisconsin, nor the point of location. The news came to Mr. Shinabargar in a letter he received from John H. Byers, a newspaper man of Dixon, Ill., who lived in Maryville when Mr. Clair was here and in company with several other young men made his home with Mrs. Fannie B. Mills-Shroyer of this city, who at that time lived at 403 South Market stret.

Mr. Clair is survived by his wife and six children.

The following account of the marriage of Miss Michau, which will occur this Wednesday evening at 6 o'clock, at the home of the bride's parents, appeared in the St. Joseph News-Press of Tuesday evening, and will be regarded with much interest by the Maryville friends and acquaintances of the bride:

Two Easter weddings of more than usual interest on account of the close relationship of one of the brides and bridegrooms, who are brother and sister, the friendship of the two couples and the nearness of the time at which they occur, will be solemnized Wednesday night, when Miss Marie Michau, elder daughter of Mr. and Mrs. Eugene F. ## ELMO'S NEW CLUB

GAZETTE'S SPECIAL CORRESPONDENT GIVES WRITE-UP.

## REV. PATTON IS AT HEAD

Elmo Minister Takes An Active Interest in All Athletic Sports For Boys.

A staff correspondent of the St. Joseph Gazette, writing of the organization of an athletic club at Elmo, says in Wednesday morning's paper:

The town of Elmo is breaking through the thin veneer of indifference and will soon have a full-fledged athletic association, where men and boys may meet for physical training, recreation, amusement and study.

Some time ago a group of Elmo young men engaged in questionable and illegal practices. They were arrested, hauled before the court, fined and to some extent dishonored. The facts came to the knowledge of the Rev. E. Patton, himself a man of less than 30 years, and, in plan with other men, he determined to afford proper entertainment for the use of Elmo's young men, hoping thereby to remove them from imminent danger of those extravagances to which the hot blood of youth seems to tend in search of amusement.

Rev. Patton is derived from a family of pioneers which dates from the time and place of Boone. The spirit and the dash of the pioneer flows warm in his veins. He believes in law, order and grand juries. He holds that a good man is a valuable public asset; that a dishonored man is liable to become a public burden; that in the enforcement of laws we often punish men for being or doing what we have driven, or coaxed, or carelessly allowed him to become, or do; that since young men naturally seek amusement, it is the duty of Christian people to provide it; that the religion of Christ is not sorrowful nor lagubrious, but should be and is properly a thing of gladness, smiles, happiness, helpfulness and health. He is an ardent supporter of the Elmo basket and baseball clubs, which are confessedly "strong," and now, under his leadership and supported by good people, an athletic association is to be incorporated and application for the charter is to be made in a few days.

In an interview he said:

"You ask my reasons for organizing the Elmo Athletic association. They are too numerous to mention; however, I may cite you to a few. The primary motive was to do something that would convince the men, young and old, that the church really had an interest in them other than getting them to attend religious services.

"The average man thinks the church cares for him only in proportion as he will attend services and contribute to her support.

"To the average man, dissertations on the "sweet bye and bye" are all right, but along with that he wants something that will appeal to him in "the naughty now and now." It's all right to talk to men about golden harps, gem-studded crowns and immaculate robes in the New Jerusalem; but the average man wants something material to assist him in solving and coping with the problems of everyday life, and he is right in his demands.

The Nazarene appealed to men because He catered to their material wants and did so without lowering his standard or sacrificing a single principle.

"For years the churches in Elmo (as elsewhere) have presented the principles of heaven and the terrors of hell have been dwelt upon; doctrinal sermons have been preached, but men remained unmoved. Now I'll tell you the theory and principles of Christianity are all right, but the churches have so far failed to make practical application, and until the churches here and elsewhere do more than preach, pray and sing, they will never do all the work the Master intended should be done.

"When I came to Elmo I saw a number of young men here; I soon saw that the churches were doing little for them. Nights and Sundays these young men would congregate in the box cars along the railroad yards, or take their cases of beer and whisky to the creek banks and there drink and gamble. What were the churches doing?

"Members of the churches were "spying" and getting names of participants in these orgies and turning them over to the grand jury.

"The boys were arrested, fined and disgraced; and the churches had gained another victory (?)

"I saw that something more practical had to be done, and after no little study, I determined upon the plan of organizing the Elmo Athletic association.

"In such an institution the boys are protected and made better in every way.

"We will incorporate, and already I have on foot a movement to get a state charter. We are having a building erected for us and expect to be housed in thirty days more. We will have a full equipment of gymnasium apparatus, reading room, card tables, billiard and pool tables and bowling alleys. At present we have seventy-four members.

"What the future has in store for us I cannot say; but it looks very bright. You may say that we have a cracker-jack ball team and Dr. R. E. Ferguson is manager.

"I am not seeking notoriety and only grant this interview, hoping it will cause some other minister or church to do something besides theorize and speculate. I do not ask that a monument costly or magnificent be placed over my last resting place.

"If only one man will stand at my graveside when I am being laid to rest and say, 'He made me a better man,' that is all I ask. 'Inasmuch as ye have done it unto one of the least of these, ye have done it unto me.'"

The officers of the Elmo Athletic association are as follows:

Rev. E. Patton, president.
G. W. Walton, secretary.
W. C. Aldrich, treasurer.

Executive board, G. P. Shoptaugh, Dr. R. E. Ferguson, W. C. Aldrich, G. W. Walton, William Bucker, E. Patton.

It gives me pleasure to say that the men in this list are without exception, leaders in the thought, morals and business of Elmo. They have undertaken a radical departure from the ordinary procedure in town life. Let me prophesy for their venture a beneficent and, materially, a successful conclusion.

## TO MAKE A PARK AT NORMAL GROUNDS

Many people are interested in the proposed city park that Mayor Robey, President Nic Sturm of the Commercial club and others have been talking about.

A suggestion that was made Saturday by President Taylor that he could have a park on the Normal grounds, if they would provide a fund to put in walks, drives and other things. Even a lagoon lake has been suggested and it seems possible that it can be done. Another feature that would be had would be places for many beautiful flowers.

It would probably take $15,000 to do this and the only way that the city could raise the money would be to have a special election for issuing bonds for this purpose. There is no doubt that this would be the cheapest way for Maryville to get a beautiful park, as if land is purchased and the improvements made on it for a park it would cost even twice this amount.

President Taylor thinks it possible to get the consent of the board of regents to use part of the ground for this purpose.

Maryville has been talking about a city park for some years and many people are deeply interested in it What action will be taken on the suggestion made by President Taylor is not definitely decided, but if Mayor Robey had his way, he would see to it that the city had a park on the Normal grounds.

## NORMALS TO PLAY AGAIN THURSDAY

Thursday afternoon the Normal baseball team will line up against Nodaway's strong semi-professional team, which goes under the title of Merchant's team. The Normal boys are showing up strong and a good game is assured as most of their opponents are old stagers.

The price of admission will be 10 cents.

Don't

play hit and miss with your eyes. You can't afford to. It's a risky game. You don't know whether you need them or not. That's more than probably true so its more the reason that you have your eyes tested here. We give examinations absolutely free and only recommend glasses if you need them.

## PLAY WAS SUCCESS

PRODUCTION AT EMPIRE TUESDAY NIGHT MET APPROVAL.

## SAID TO BE "BEST EVER"

The Charity Ball Introducing Home Talent, Given By the Ladies of the Elks' Club.

"The Charity Ball" is the talk of the town Wednesday. In justice to all who took part in the play Tuesday night we will say the concensus of opinion is that "The Charity Ball" is the best homemade entertainment that has been put up before a Maryville audience.

The work of Frank J. Zimmerer, Robert Crail, Mrs. G. H. Colbert, Mrs. Berney Harris, Miss Clara Sturm, Mrs. Will Wallis, Miss Besse Scott, Lawrence W. Ray, Glen Goff and H. J. Becker and P. O. Landon was so well balanced that it would require the judgment of a genuine critic to sift the really best parts.

Mr. Zimmerer, a consecrated and devout young minister, looked and acted his part more than well.

Mrs. Harris, as the blind mother of the rector, charmed everyone, and when it is known that it was the first time Mrs. Harris ever appeared before an audience, her work will be all the more appreciated.

Robert Crail, who played the part of Judge Peter Guernsey Knox, has certainly missed his calling in everyday life. One just can't tell precisely whether he ought to have followed the law for a profession or whether he should have been erady to take the place of Joe Jefferson. Anyway, if he had been sitting on the bench for thirty years, he could not have better appeared the typical circuit judge and courtly gentleman of the old school.

Mrs. Colbert was as thoroughly conversant in all the arts of a wealthy widow on the matrimonial market and dabbling in stocks, as she was expected to be.

Mrs. Will Wallis, Jr., was handsomely received by the audience as she always is and deserves to be. Her part is not to be criticised, for it was most graciously and gracefully done.

Miss Clara Sturm was as joyous, sweet and natural as one could wish a young girl to be in her love affairs, and Glen Goff, as her sweethaert was a dandy,—even though they quarreled a little.

Miss Besse Scott played her part very well, indeed, although the role of a heart-broken weeping maiden is foreign to her.

Lawrence Ray was a hard-hearted Wall Street financier to perfection until his preacher brother straightened him out in a stormy scene, and everything turned out very happily for everybody.

Cain, the little street waif, impersonated by Donald Keef, was cute as could be and he deserved all the presents he received.

The stage settings and scenery were fitted perfectly to each scene and the costumes worn by the ladies, especially those of Mrs. Wallis, were beautiful and suitable to the parts and places they weer intended for.

The music wa sby Schumacher's orchestra and was a credit to its members.

After the play the players and the stage managers, Frank Shoemacher, Dr. Will Wallis, Jr., and W. J. Hutton, and others of the Elks Club were served a luncheon at the Elks Club by the ladies.

Following was the cast of characters:

John Van Buren, rector of St. Mildred's, Frank J. Zimmerer.

Dick Van Buren, of the firm of Van Buren & Creighton, Wall street, known on the street as "The Earthquake," Laurence W. Ray.

Judge Peter Guerney Knox, left over from a past era, unable to catch up with the present—Robert Crail.

Franklin Gruger, the King of Wall street—Perry O. Landon.

Mr. Creighton, junior partner of Van Buren & Creighton—Herschel Colbert.

Alec Robinson, ambitious to be dubbed on 'Change, "Alexander the Great"—Glenn Goff.

Mr. Betts, the Organist of St. Mildred's—H. J. Becker.

Paxton, confidential clerk of Van Buren & Creighton—Eldon Ervin.

Cain, a thing of shrols and patches—Donald Keef.

Jasper, a servant—Ralph Marcell.

Ann Gruger, New York girl—Mrs. Wm. Wallis, Jr.

Phyllis Lee, in love with Dick—Miss Besse Scott.

Besse Van Buren, tired of dolls, ready for beaux—Miss Clara Sturm.

Mrs. Camille De Peyter, who dabbles in stocks—Mrs. G. H. Colbert.

Mrs. Van Buren, the rector's mother—Mrs. Berney Harris.

Sophie, maid at the rectory—Mrs. Joseph Jackson, Jr.

## SPEAKS HIGHLY OF FRED DAVIS

It has remained for a former Maryville young man, Fred Davis of Sioux City, Iowa, to furnish to the people of that state the first fair and square reports of the legislative proceedings at the state capital they have known in many years, as is claimed by Iowa papers.

Mr. Davis is a Republican in the employ of a Republican newspaper, but it seems that he is broadminded enough to see things as they are and has mental and moral courage sufficient to write of what he sees and hears and give true recognition, regardless of party or faction, wherever and to whom it is due.

Mr. Davis is the eldest son of Mrs. B. K. Davis, formerly of Maryville, but of late years a resident of Philadelphia. He spent a day in Maryville recently, the guest of his mother's sister, Mrs. Joseph Jackson Sr., and family. He has been a writer on the Sioux City Journal the last fourteen years. He is now in Des Moines reporting for his paper the work of the legislature. His reports are attracting wide attention, because of their evident accuracy. The Daily Times-Tribune of Waterloo Iowa, Democratic paper has made editorial comment of his work, from which the following is an extract.

In these days of political bias and purpose; days when news is colored; days when faction is, in many cases, superior to party and party superior to unorganized but purposeful man—in these days it is refreshing to read uncolored and unbiased reports of the proceedings of a body of state officials, with credit given where credit is due regardless of faction or party, but with the one purpose of correct and honest news featuring.

There appears daily in the Sioux City Journal reports of the proceedings of the state general assembly and legislative and political news written by Fred Davis, the Journal's special correspondent. In contrast with the work of other correspondents "at the front" Mr. Davis stands out alone and as a beacon light for those seeking truth and enlightenment.

All the Democrats ever wanted of the newspapers on which they were truthful chronicle of events. For news printed in Des Moines papers many years past (and even now) and sent broadcast by Des Moines correspondents, has reflected the personal views of the correspondents, or the newspapers on whic hthey were employed. It was and is being written to further factional and party ends and in no sense fills the wants of the intelligent citizens seeking position and reliable information.

The Sioux City Journal is rendering a service for which the Democracy of Iowa should fel grateful.

## WAS A BEAUTIFUL EASTER PROGRAM

The beautiful floral cantata at the First M. E. church was very sweetly presented Sunday night. Roses—Hazel Garrett, Mattie Clayton, Laura Curfman.

Poppy—Mabel Curnutt.

## GAVE FARM TO TUNIS S. CORDILL

The following special telegram dated April 17, to the St. Joseph Gazette, concerns a former Maryville real estate man and ex-county clerk of Nodaway county, Tunis S. Cordill of St. Joseph, who is employed in the post-office of that city:

St. Paul, Minn., April 17.—Summoned to Kasson, Minn., by Tunis Slingerland, millionaire, Tunis S. Cordill of St. Joseph, was presented with deeds to a farm of 160 acres of fine Minnesota land, worth $5,000. Young Cordill, who was overwhelmed by the gift, will rent the farm and continue to live in St. Joseph.

Many years ago the father of Cordill was kind to Slingerland. A few days ago Slingerland, who is now a banker and land owner, wrote him that he would like to have him come to Kasson. Upon his arrival the banker took the St. Joseph man into his office and gave him the deeds.

**Is Very Ill.**

Mrs. Lucy A. Turpin, who lives southwest of Maryville, was brought home from St. Joseph Wednesday noon, where she had been taking treatment in the hospital, and was intending to undergo an operation, but she was found to be suffering from a malignant form of liver trouble. She was taken to her home in an automobile Wednesday afternoon.

THE RUBBERNECK.

A fool with goggling eyes and nasty heart,
He haunts by night the corners of the mart,
And ogles skirted other-fools who flirt
With hearts as full as his of slime and dirt.
Yet, which the greater fool? She stands to gain
A livelihood nor scarcely add a sin
To her much-stained soul; he can but lose
Substance, health, self-respect—what-e'er you choose.
Some day he'll wed—perchance e'en now he lies
To one at home, by lusting with his eyes!
And when he weds and little children come
To lend their white-souled sweetness to his home,
He'll strive to keep his daughters from the street,
And warn them: "Have a care! No strangers greet!"
But they—by what impelled they cannot know
In paths of dalliance may be fain to go.
And then his silly curses will be sent
On him who in his own fool footsteps went.
Wreaking a blight upon his flesh's flesh—
Entangling his bird in the fowler's mesh;
Then from his rotten heart will come a cry
"Behold the one I curse is but as I!
Each victim in my folly I defiled
Was some parent's well-beloved child!"
—Strickland Gillilan.

SOME HOMESPUN PHILOSOPHY.

**A Character in Irving Bacheller's Latest Book Sees Things in New Light.**

Irving Bacheller has made Socrates Potter, a shrewd, small town lawyer, the philosopher of his new book, Keeping Up With Lizzie."

Some of his sayings are:

"The land 'll soak up all the education you've got and yell for more. Its great need is education. We've put everything on the farm but brains."

"It costs money, big money an' more, to produce a generation of invalids."

"Every spoilt woman stands for a fool man. Most o' them need not a master but a frank counselor."

"The boys are concluding it's cheaper to buy a piano player than to marry one; that canned prima donnas are better than the home grown article; that women are more to be desired than playthings."

"One day in the old time a couple of industrious Yankees were hard at work in a field. Suddenly one said to the other, 'I wish I had $10,000,' and the other asked, 'What would you do with it?' The wisher answered, 'What would I do with it? Why, you cussed fool, I'd set down—an' without blamin' myself.'"

"I can get more fun out of one happy human soul than out of all the dogs an' horses in creation."

"Cares are like boils: it don't do to get rid of 'em too quick. They're often a great relief to the inside of a man, an' it's better to have 'em on the surface than way down in your marrow."

"You've got to reach the women, somehow, you see, before you can improve the social conditions of a community. I love them, but many are overgrown children, doin' nothing with singular skill an' determination an' often with appalling energy."

"If we must all be lawyers or bankers or brokers or graspin' middlemen in order to live, let's start a big asylum for the upright an' give 'em a chance to die comfortably."

"One o' these days the old earth'll be lopsided with the fruitfulness of America."

AN OLD-TIME PRESCRIPTION

In a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this kind called Wyeth's Sage and Sulphur Hair Remedy and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

## SUITS FILED TUESDAY FOR CIRCUIT COURT

Suit was filed in the circuit clerk's office Tuesday by Cook, Cummins & Dawson, attorneys for the Real Estate Bank, against J. A. Younger and W. B. Price for a note of $1,250, that was sold to the bank by the National Fence Supply Company, and which remains unpaid.

Another suit filed Tuesday was one for an account of $114 for the real estate firm of Sam Robbins and Ira C. Bradley of Hopkins against Henry H. Bridger. The defendant employed the real estate firm, according to the petition, to sell 114 acres at $11,780 and agreed to pay the firm $1 an acre commission. A purchaser was found, the petition states, but the defendant refused to sell. S. E. Brown of Hopkins is the attorney for the plaintiffs.

CATARRH DOCTOR

**Cures Catarrh, Acute or Chronic or Money Back.**

Would you pay one dollar to rid yourself of disgusting catarrh?

Then go to Orear-Henry Drug Co. today and ask him for a Hyomei outfit and you will not only engage, but you will own outright a little catarrh doctor that has cured more cases of catarrh than all the catarrh specialists on earth.

In the $1.00 box which contains the Hyomei outfit, you will find a little hard rubber vest pocket inhaler.

Into this inhaler you pour a few drops of Hyomei. Then all you have to do is breathe through the little inhaler, either through the nose or the mouth, according to where the catarrh is located.

When you breathe HYOMEI you breathe a powerful yet soothing, antiseptic air, which as it passes over the inflamed and germ ridden membrane penetrates every fold and crevice and destroys germs completely.

Stomach dosing never used catarrh, sprays and douches always fail; and why? because they don't get where the germs are, and as catarrh is a germ disease you must kill the germs, before you can cure catarrh. HYOMEI is guaranteed by Orear-Henry Drug Co. and by druggists everywhere to cure catarrh, coughs, colds, croup and sore throat.

## SEATON SCHROEDER.

Rear Admiral Who Is Directing Warship Fight on Aeroplanes.

## SOLOMONIC RULE QUIETS ADMIRALS

### Two Blue Pennants Fly Side by Side for First Time.

New York, April 19.—For the first time in the history of the United States two blue pennants are flying from two war vessels lying at the same anchorage, and behind the two emblems lies a story of naval pride, offended dignity, an appeal to Washington, and a Solomon-like decision of the navy department.

When the Connecticut, the flagship of Rear Admiral Schroeder, who is directing experiments against aeroplanes, steamed into the Brooklyn navy yard for an overhauling, the blue pennant, signifying that it had on board an "officer of the highest rank," was flying from the masthead.

Rear Admiral Leutze, commandant at the yard, was aghast. He knew Read Admiral Schroeder was aboard, but he also knew that he was Schroeder's superior in rank, despite both being rear admirals.

Leutze demanded that Schroeder lower his blue pennant. Schroeder refused. Leutze boarded the gig and hurried back to the yard, where he dictated a dispatch to the secretary of the navy at Washington.

The navy department was puzzled over the dispatch. Both men are rear admirals. So this dispatch went back to Admiral Leutze:

"Both pennants may fly. Schroeder is the ranking officer afloat and you are the ranking officer ashore."

## REBELS ASK ARMISTICE

### Diaz Government Will Probably Agree to Suspend Hostilities.

Mexico City, April 19.—A proposition for an armistice, pending negotiations for a settlement of Mexico's internal troubles was received by the department of foreign relations from Washington, presumably from Dr. Vasquez Gomez. A reply was returned, in which it was indicated the government looked with favor upon the suggestion.

The armistice proposal appeared to be an outgrowth of the battle at Agua Prieta and the loss of life and bodily injury in Douglas by the fire from the Mexican side. It points to the danger of international complications which might follow a continuation of the conflict. Minister de la Barra sent to Washington the answer to the proposal made by the agent of the revolutionists. In it he stipulated minor terms to which, it is believed, there will be no objection. It may be assumed that before a full agreement is entered into every detail of the proposal will be submitted to Francisco I. Madero, Jr. So far as negotiations have now gone it is not expected Madero will longer oppose the peace overtures.

It is believed no time will be lost either by the rebels or the government in concluding arrangements for the armistice, and that as soon thereafter as possible the drafting of terms for permanent peace will be begun. It is conceded both sides realize the war is costing too much in money and lives.

## BORDER WAR WILL STOP

### President Taft Receives Definite Assurance From Mexico.

Washington April 19.—Positive assurances that the Mexican government will adopt a "definite restrictive policy along the border," and news from Douglas that the rebel forces have evacuated Agua Prieta did much to relieve the high tension under which President Taft and members of his official family have labored for the last few days. The assurances from Mexico followed the demands of the state department that the fighting, which endangered American lives in neighboring towns, must be stopped.

In official circles it is realized that while hostilities have ceased at Agua Prieta, trouble may break out at Juarez or at some other border towns, but they are more than ever inclined now to trust that Mexico will make good her promise to keep the federal troops from the border.

**Marriage Licenses.**

One marriage license was granted Wednesday morning by Recorder Arthur Wray, and that to Harry S. Groff of Utica, Neb., and Laura F. Oliver of Stanberry.

D. N. Scott left at noon Wednesday on a business trip to King City.

Jake Haaf of Hopkins was in the city Tuesday.

## REBELS LEAVE AGUA PRIETA

### Insurrectos Abandon City During the Night.

### THEIR AMMUNITION EXHAUSTED

**Losses Are Unknown, as Federals Bury Dead on the Field and Tell Red Cross Agents That They Can Care for Their Own Wounded.**

Agua Prieta, Sonora, Mexico, April 19.—The battle of Agua Prieta, which raged almost without intermission for nearly twenty-four hours, was won by the Mexican federal forces, who occupied the town at daylight.

The rebels, their supply of ammunition and provisions exhausted, evacuated Agua Prieta an hour before the government troops arrived.

Part of the insurrecto garrison was disrupted in the abandonment of the town, throwing away their guns and leaving their horses, they fled in disorder in different directions. The principal portion of the rebel command, however, retired in good order toward the mountains south of the city. The insurrecto commanders, Balasaria Garcia and Colonel Medina, deserted their men and fled across the border, where they surrendered to the American troops. Lieutenant Colonel Reynaldo Diaz led the 1,200 triumphant federal troops into Agua Prieta.

The actual casualties of the battle can only be estimated, but the federal loss was given out as five killed and twenty-one wounded, and the rebels as eight killed and four wounded. It is certain that the complete casualties far exceed this total.

**Federals Approach Cautiously.**

The federals approached the town from the south and east during the early hours, coming in slowly and cautiously, lest they encounter an ambush. Great was the surprise of the commanders of the government troops on finding, when they reached the outer works of the rebel entrenchments, that the trenches had been abandoned and no insurrectos were in sight. The federals continued to come in more slowly, presumably expecting at every moment to encounter a surprise, but they found no rebels anywhere. The latter had vanished as completely as the night. There was no indication even of the direction they had taken.

The reason for their desertion of the city after their all day desperate defense of it, was not at first apparent. The most logical conclusion seemed to be that they had exhausted their ammunition.

**Rebel Army Disrupted.**

Later developments showed the rebel army to be badly disrupted. Its leaders gave up the fight and the men in the ranks appear to have fled in directions of their own choosing.

Colonel Medina, who had assumed command in Agua Prieta, made his way to the American line before dawn and surrendered to the United States troops. He was the jefe politic (mayor) of the town. He was immediately placed under guard and held at the headquarters of the American cavalry at the ball park.

The victorious federal force which occupied the town numbered about 1,200 men. Lieutenant Colonel Reynaldo Diaz was in supreme command.

The government losses in the fighting may never be known. The federals declined the assistance of the Red Cross, stating that their army would care for its own wounded.

During the fighting the federals removed their dead and wounded to the rear. It is understood that those killed were buried on the field.

**Rebels Go for Cartridges.**

The rebels evacuated Agua Prieta because they had exhausted their ammunition. That was apparent from the stories related by one or two who did not flee and by the federals who entered the town. Great quantities of empty cartridges were lying everywhere in the trenches and bull ring and in the protected pits in Agua Prieta. The insurrectos apparently had used ammunition unstintingly.

As the rebels passed out of Agua Prieta to the westward, one or two members of the army called across the line to the American troops:

"We are going into the mountains and will return when we get some cartridges."

**Rebels Near Agua Prieta.**

Watchers were surprised to see a column of troops move out of the mountain passes, twelve miles to the west of Agua Prieta and debouch upon the plains in front of the city. It was at first uncertain whether this was a new rebel force or federal reinforcements coming from Cananea.

The doubt was soon dispelled. The column began its march directly toward the city. The men were mounted and were riding rapidly. Soon it was made out with the aid of glasses that the approaching force was insurrectos.

As they approached the outer breastwork of the city the federal outposts opened a long range rifle fire which fell short. The column halted, seemingly taken by surprise.

Apparently the approaching rebels were unaware of the actual situation in Agua Prieta and were uncertain whether the border town was held by friend or foe. Finally the column wheeled about and started to return toward the mountains. Then it halted again.

**Booher Praised Clark.**

Mayor Robey Tuesday received a letter from Congressman Booher, in which he stated that Speaker Champ Clark was winning the hearty commendation of all the members of the house of representatives for his absolute fairness in his rulings. The Democratic members especially appreciated the change from the severe snubbing they had formerly received under Cannon.

## NEW SENATORIAL DISTRICTS FORMED TUESDAY

The legislature having neglected to redistrict the senatorial districts of Missouri, the governor, secretary of state and attorney general met yesterday, as required by the constitution, and worked out a plan to redistrict the state.

The secretary of state and attorney general advocated the plan that was adopted. The governor had worked out a plan to give St. Louis two more senators and thus enlarge the Republican representation. The others being in the majority, passed their plan, which gives to Kansas City one new senator.

Governor Hadley afterward announced that he would not sign the bill. Under the plan adopted the northwest Missouri districts are as follows:

First—Atchison, Gentry, Nodaway, Worth. (Democratic).

Second—Buchanan (Democratic).

Third—Andrew, Clay, Clinton, DeKalb, Holt, Platte. (Democratic).

Fourth—Grundy, Harrison, Mercer, Putnam. (Republican).

There is no change in them except that Livingston is cut out of the Fourth district.

FOR CATARRH.

**Medicine Free in Every Case Where It Fails to Relieve.**

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are on conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat o ftrouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and $1.00. We urge you to try it. Remember you can obtain Rexall Remedies in Rochester only at our store,—The Rexall Store. Orear-Henry Drug Co.

## COST OF LIVING HAS GONE DOWN

### Prices of Commodities Show Decrease of Seven Per Cent.

New York, April 18.—The cost of living in the United States is now lower than it has been for twenty months. Prices of commodities show a big reduction from last year, according to figures compiled by Bradstreet's.

The average level of commodity prices experienced a decline of approximately 2 per cent in March, as indicated by the index number of Bradstreet's.

The current index exhibits a decline of 7.3 per cent from a year ago, and a decline of 7.6 per cent Jan. 1, 1910, when prices were at record high point.

Wheat, which in 1910 sold at $1.19, now commands only 96 cents. Flour a year ago brought $5.80 a barrel, and now may be had for $5.10. Pork sold a year ago at $25.75; it now sells at $19.25. Beef is $15.50, against $18.75 in the same month last year. Other foodstuffs show a corresponding decrease. These are wholesale prices.

### President of Western Maryland Defeats David R. Francis.

### KUHN-LOEB INTERESTS OUT.

Kuhn, Loeb & Co. Assert They Are Unwilling to Share Responsibility in Management of Company Under the Circumstances.

New York, April 19.—Although forced out of the position himself, George J. Gould, opposing the Rockefeller-Kuhn-Loeb interests, caused the election of B. F. Bush as president of the Missouri Pacific railway, defeating David R. Francis, former governor of Missouri. Mr. Bush is president of the Western Maryland railway.

The victory of the Gould faction was followed by the announcement of Kuhn, Loeb & Co.'s withdrawal as bankers for the system and the resignation of Paul M. Warburg, the company's representative on the board, and of Cornelius Vanderbilt, an ally.

Edgar L. Marston, representing Blair & Co.; Fred T. Gates, representing John D. Rockefeller, and E. D. Adams, American representative of the Deutsche bank, voted against Mr. Bush, but did not sever their connection.

It is rumored that Messrs. Adams and Marston also will resign, although this cannot be confirmed.

George Gould and Kuhn, Loeb & Co. issued statements explaining their side of the case. Mr. Gould said he regretted the withdrawal of Kuhn, Loeb & Co., but congratulated the road on the selection of Mr. Bush.

Kuhn, Loeb & Co. explained they did not favor Mr. Bush and because of his election Messrs. Warburg and Vanderbilt felt "unwilling to share responsibility in the management of the company under these circumstances."

Mr. Gould, in his statement, says:

"The board has, I think, made a wise choice in selecting B. F. Bush as president. He is familiar with conditions on the line and with the affairs of the company, gained while in its employ some years ago. I was much influenced in my advocacy of his election by the results he has attained in his administration of the Western Maryland property, and by the esteem in which I knew he was held by Mr. Rockefeller, who is so largely interested in the Western Maryland, and who, next to our family, is the largest stockholder in Missouri Pacific."

## How To Surely Get Rid Of Rheumatism

### Phenomenal Results Of Positive Antidote To Uric Acid.

The first dose or two of the positive antidote found for uric acid, gives immediate relief in all forms of rheumatism, gout, lumbago and

kidney trouble, and quickly brings on a cure. Every man and woman who has already tried it knows that this statement is true.

This antidote, called the "Fuss" Rheumatism Cure, has already cured over 1,000 cases of rheumatism. As an illustration, it cured Mrs. Mary E. Thorn of Owosso, Mich., 87 years old, of a 14-year case of rheumatism in 3 days. It cured Enos Kingsley, the well-known ladies' tailor of Flint, Mich., of an excruciating case inside of a week. And many other cases have proven that it is the world's cure for rheumatism.

The "Fuss" Rheumatism Cure, moreover, is absolutely free from all dangerous drugs, stimulants or narcotics, free from opium, morphine, chloral, cocaine, ether, chloroform or alcohol, and is guaranteed so to the United States Government.

# DEMOCRATS LOOK FOR OPPOSITION

## Expect Republicans to Offer Free List as Amendment.

## EFFORT TO WIND UP DEBATE.

Former Speaker Cannon Talks at Opening of Session Today and Final Passage of Reciprocity Bill Is Scheduled for Tomorrow.

Washington, April 19.—Democratic leaders are prepared for an attempt by Republicans who oppose Canadian reciprocity to embarrass the Democratic majority in the passage of the bill by proposing an amendment embodying all of the free list that the Democratic ways and means committee has prepared.

Opposition Republicans have charged that if the Democrats were in earnest to have this free list passed they would offer it as a part of the reciprocity bill, so that President Taft could not find occasion to veto it even though it did not meet with his approval.

Chairman Underwood is apparently proceeding on the belief that an amendment will be offered when the bill comes up for passage. He said such an amendment would be at once ruled out of order, as it could not be considered "germane to the bill" under the house rules permitting the offering of amendments.

### Matter Held Germane.

The only amendments that can be considered are those specifically affecting duties collected in the reciprocity agreement and on all such amendments it is expected there will be an overwhelming negative vote.

An effort is to be made to wind up the open debate tonight. Former Speaker Cannon spoke at the opening of the session today and other speeches also are scheduled. If Underwood is successful in bringing general debate to a close tonight the bill will be brought up for final consideration, amendment and passage tomorrow.

Henry George, Jr., of New York, in his maiden speech in the reciprocity debate, proclaimed himself a free trader, and said he has aligned himself with the Democratic party because he believed it was the only great party that was "moving toward the light."

## NEW HEAD OF HEDRICKITES

Independence, Mo., April 19.—It was announced that George P. Frisbey, a retired miller of this city, sixty-five years old, has been chosen president of the "Hedrickite" branch of the Mormon church. He succeeds Richard Hill of Indiependence, who died two months ago after having held the office twenty years. The "Hedrickites" hold the "temple lot" in this city, which was consecrated seventy-five years ago by Joseph Smith, founder of the Mormon church, as the site of a future great temple.

### Iowa Saloons Are Hard Hit.

Des Moines, April 19.—Because of a decision handed down by the supreme court of Iowa scores of saloons in the state will have to go out of business. The law in question is known as the Moon law, which prohibits more than one saloon for each 1,000 of the population in each town or city.

### DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Maryville Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Maryville. Follow the advice of a Maryville citizen and be cured yourself.

Mrs. A. Weidman, East Thompson street, Maryville, Mo., says: "I had terrible pains in my kidneys and was also bothered by the kidney secretions. The contraction of a cold or a change in the weather was sure to increase my suffering. I used every remedy that I thought would help me, but met with indifferent success. I had about despaired of ever finding relief, when I heard of Doan's Kidney Pills. I procured a box at Charles A. Love's drug store and found them to be especially adapted to my case. I was soon free from all aches and pains and my kidneys were restored to a normal condition. I have enjoyed excellent health since then and I know that my cure is a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"I can truthfully say that Parisian Sage is the best dandruff cure I have ever used, and can cheerfully recommend it for dandruff or falling hair. It is an elegant hair dressing."—Mrs. J. W. Smith, 408 East Main St., Durham, N. C., 1910.
